HELLO
LUCY...

& WELCOME TO YOUR FIRST-EVER SPECIAL EDITION!

How does it feel?

Amazing! I've done so many fantastic shoots for *Nuts* over the years that it feels like the time's right to celebrate the cream of the crop. I hope people enjoy this celebration of my boobies!

Is it long overdue, don't you think?

It's good timing. Very soon it will be *Nuts'* 10th birthday and I've done so many shoots within that time, so I'd have to say the timing's very apt.

Do you still feel a bit weird when you see yourself on a magazine shelf?

Kind of, but I don't really notice any more. I think I've subconsciously stopped going down the magazine aisles in case someone sees me.

Do you still get recognised when you're out?

It's weird, because I forget all these people have my pictures at home. So if I'm pottering around the supermarket and someone points me out, I'm a bit baffled. Then I realise why they're looking!

We're super-excited about this being on iPad. Do you have a message for our tech-head buddies?

Thanks for downloading me! Ha-ha! Does that sound a bit weird? I have this image of a full-size Lucy Pinder being downloaded into someone's front room! No, I think it's great. Loads of people have these tablets and so many people love *Nuts*, so it's great that more people can see it.

Will this bolster your international following?

It definitely opens all that up. Although I'm jealous that there'll be all these people in warm countries enjoying my sexy shoots when I'm in cold Britain. I should be with them!

Do you get fan-mail from overseas?

Yes, absolutely. I get a lot of chaps from the US contacting me on Twitter and saying how much they love British boobs! I know the other *Nuts* babes like Rosie Jones get the same. But we've yet to go and do a shoot over there. Imagine a sexy American issue...

We're feeling a cheerleader theme coming on!

Good idea! We can have me, Rosie, India and Holly going on a sexy road trip, and it can end with a shoot in Vegas or in a Californian beach house. If you're a rich, Texan oil tycoon reading this, please can you fly us all out there! Ha-ha!

Everyone loves Lucy Pinder, but are you the most famous person to hail from Winchester?

I don't think I am! There's a bit of a local legend called "Burping Ron". He was this guy who used to roam the streets burping. Everyone knew him. One Christmas, he came up to my friend and me dressed as Father Christmas. He gave me an erotic novel and a shoe, and then burped.

Blimey! Do you yourself own an iPad?

I love my iPad! The best and worse thing about it is that it makes online shopping very easy!

Remind us about your first ever *Nuts* shoot...

I enjoyed it so much, but it was so overwhelming. But now I just look forward to *Nuts* shoots. They're so much fun, and I'm always amazed by how sexy the pictures look. I'm not just saying this, but it really is the best job!

What would your fantasy shoot involve?

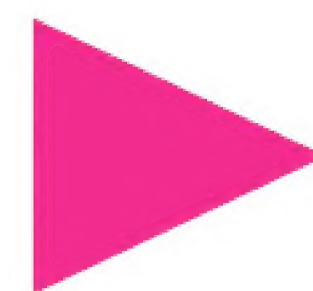

Anywhere warm! Let's go to the Maldives. Ha-ha! It's a tough question because we've already done so much. But beaches always make me feel very sexy – especially the exotic ones.

Could we do a sexy shoot in space?

I don't know. I mean, wouldn't the gravity mess my boobs up? I could very well be launched off into orbit. I'd be up for it in theory, but I don't think I could go topless up there!

Sorry, NASA! Well, thanks for the chat, Lucy. Finally then, what's the formula for a perfect Pinder shoot?

Big hair + big boobies + lots of things to snack on = really sexy Pinder shoot!
